

Facilities Information Management System Upcoming FIMS Enhancements

Presentation for:
2009 FIMS/Real Estate Workshop

Prepared by:
Gayle Smith, Headquarters (EES)

June 4, 2009

Upcoming Enhancements

- Data Validation Form Revisions
 - Revisions needed due to combining of Buildings, Structures, and Real Property Trailers into a single scorecard
 - Addition of new data elements into the validation process
 - Sustainability
 - Excess Indicator
 - Estimated Disposition Year
 - Outgrant Indicator
- Consolidate the random sample process
- Sustainability (pending OMB decision)
 - Modify the Exclusions so that Disposition by 2015 is the only option
 - Revise the Sustainability reports as a result of exclusion change

Upcoming Enhancements

- Incorporate additional population queries
- Incorporate RFC's (pending FDDC approval)
 - Add a new usage code for monitoring wells (RFC 09-01)
 - Removal of all personal property trailers (RFC 08-10)
 - Removal of data elements discussed at the 2008 FIMS/Real Estate Workshop (RFC 08-12)
 - UFAS Exemption, Compliance, and Justification from the Building and Trailer Info window
 - Transfer to PSO from the Property Detail window
 - Escalation Year Services, Taxes, and Other from the Ingrant 2 window
 - Landlord Funding Program from the Site Info window

Questions/Comments
