

**Agenda Item 5
(Committee Item F)
September 8, 2008**

**Consideration Of Allocation And Grant Award For
The Solid Waste Disposal And Codisposal Site
Cleanup Program (Solid Waste Disposal Trust
Fund FY 2008/09)**

Proposed Project Summary

Project	Priority	CIWMB Cost	Funding Mechanism	Cost Recovery
City of Duarte Canyon Park Landfill	A1	\$750,000	Matching Grant	NA

Canyon Park Landfill

City of Duarte

- Site Description:
 - Rancho Duarte Golf Course; on 33-acre closed former municipal solid waste and inert waste landfill (Canyon Park Landfill) operated 1965-1975.
 - Original private operator of landfill bankrupt.
 - Property purchased by City in 1978 and developed by private entities into golf course with adjacent residences.
 - Property sold by City in 1994; subsequently sold several times.
 - U.S. Kuil Inc. owner since 2005; KUA Industries, Inc. is operator; portion retained by City (Rancho Road).

Canyon Park Landfill

City of Duarte

- **Site Investigation:**
 - Board's CIA Program investigation started 2006; requested by Los Angeles County LEA as highest priority.
 - Gas probes installed and monitored including utility structures; confirmed offsite landfill gas in violation of 27 CCR Standards.
 - Landfill gas collection and control system installed in 1982 was evaluated by Board contractor SCS and determined seriously deteriorated and not adequately functional.
- **Enforcement:**
 - South Coast AQMD issued Abatement Orders in 2006 and 2007.
 - LEA Notice and Order pending.

Canyon Park Landfill

City of Duarte

- **Project Description:**
 - The City is requesting a matching grant to bring the site into compliance.
 - Proposed project includes replacement of existing blower system, the installation of new gas extraction wells and treatment system, and repair of drainage area or concern on and around the Site.
 - The estimated total cost is \$1.5 million of which Board matching grant funds requested are up to \$750,000.
 - City as grantee will ensure oversight and completion of project, including any excess costs and is negotiating apportionment of its costs with property owner.
 - Property owner will provide access and operate and maintain the new system.

**Agenda Item 5
(Committee Item F)
September 8, 2008**

Recommend approval of proposed grant award
under the Solid Waste Disposal And
Codisposal Site Cleanup Program and
adoption of Resolution 2008-146
