

ESEA Title I Eligibility

**On the ESEA Title I Basic and
American Recovery and Reinvestment
Act (ARRA) Application**

Eligibility: Getting started

- ▶ On the Eligibility screen, for each of your Title I–A eligible schools, you will be identifying the:
 - Title I–A Service Code (targeted, schoolwide, or not served)
 - Per pupil Amount

- ▶ Because you will be deciding the per pupil amount for each of the schools you serve, you must first fill out the beginning of your Title I–A basic application. This includes the following screens:
 - Fiscal Agent
 - Administration
 - Reservations
 - Enrollment

Eligibility: Getting Started

- Once you have filled in the first four screens of your Title I–A basic application (burgundy), you will need to go into the Title I–A ARRA application (blue) and fill in the following screens:
 - Administration
 - Reservations
- ▶ Note: The above screens allow you to take money off the top of your Title I–A allocation. If they are not filled in, you will not be working with accurate numbers on the eligibility screen.

ARRA FUNDS - Reservations

 Be sure all set-asides and reservations are also reflected in the ARRA FUNDS budget detail.

ARRA FUNDS - Required Set Asides

Is the district identified for improvement (DIFI)?

☐ Yes ☒ No

If yes, enter at least 10% of the Title I-A ARRA FUNDS for professional development.

Each SIFI Level 1 & 2 must use 10% of the school's Title I-A ARRA FUNDS for professional development. This must also be entered in the ARRA FUNDS budget detail under Purchased Services and/or Personnel - Other Support Services - Professional Development.

The district set aside amount can include the 10% of each SIFI Level 1 & 2 school ARRA FUNDS that must be used for professional development.

Are any Title I schools identified for improvement (SIFI)?

☐ Yes ☒ No

If yes, enter 20% of the Title I-A ARRA FUNDS for supplemental services and school choice transportation.

(See help for more information).

Eligibility: Determining Per Pupil Amounts

- ▶ You can allocate higher per pupil amounts to schools with higher percentages of low-income students.
 - ▶ You **cannot** allocate higher per pupil amounts to schools with lower poverty rates than you allocate to schools with higher poverty rates.
 - ▶ However, if your district has less than 1,000 students or only one school per grade span you are exempt from the above eligibility guidelines.
- 

Eligibility: Determining Per Pupil Amounts

Some issues to consider when determining per pupil amounts:

- ▶ **75 Percent Rule:** All attendance areas or schools with at least 75 percent poverty must be served.
 - ▶ **35 Percent Rule:** A district may serve any school attendance area or school in which at least 35 percent of the children are from low-income families.
 - ▶ **125 Percent Rule:** When a Title I school building with less than 35 percent poverty is served, the per pupil amount must be at least 125 percent or 1.25 times the district per pupil amount.

Eligibility: Ensuring Rank Order

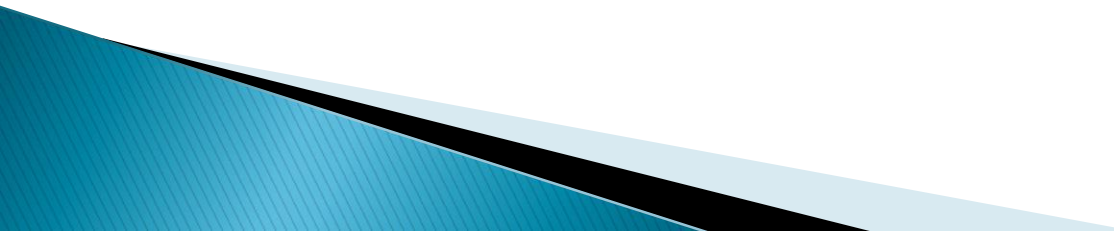

- ▶ For each of the schools that you are serving with Title I–A and/or ARRA funds, add together:

the per pupil amount on their Title I–A basic eligibility screen (burgundy)

+

the per pupil amount on their ARRA eligibility screen (blue)

Eligibility: Ensuring Rank Order

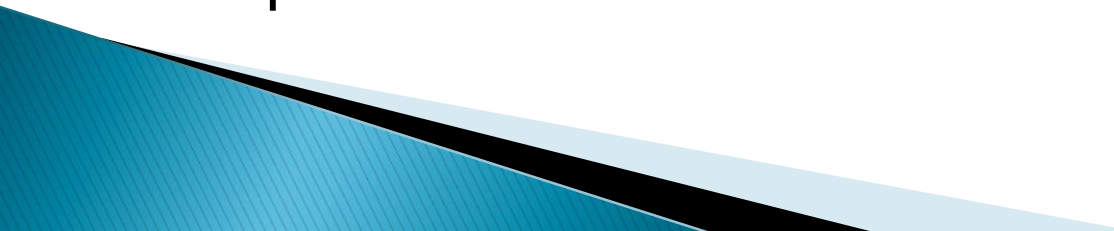

- ▶ Once you have a total per pupil amount for each of the schools being served with Title I–A dollars (basic and ARRA), make sure that your highest poverty schools are receiving equal or more dollars per pupil than schools that are lower poverty.
 - ▶ IF schools are not in rank order, make the necessary programmatic and per pupil amount changes to remedy the situation.
- 

Eligibility: Other Issues to Consider

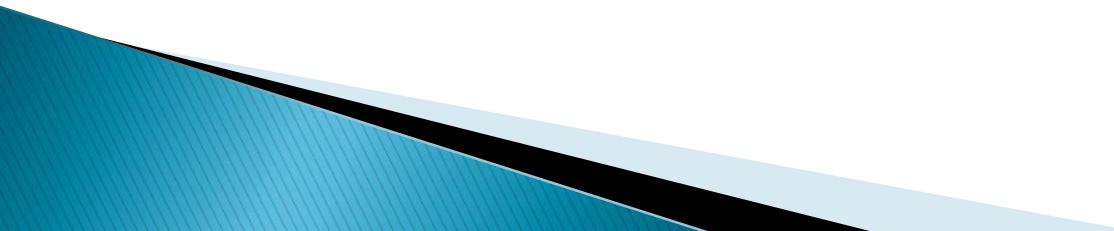

- ▶ There is a check on the Title I–A basic application (burgundy) that will:
 - Ensure the district maintains rank order AND
 - Ensure the district follows the 125 percent rule (if serving schools with less than 35 percent poverty).
- ▶ These checks are not in place on the ARRA application.
- ▶ It is for this reason that districts need to hand check their rank order and 125 percent rule when completing the ARRA application.

Eligibility: 125 Percent Rule

- ▶ When a Title I school building with less than 35 percent poverty is served, the per pupil amount must be at least 125 percent or 1.25 times the district per pupil amount. This calculation is based on the total allocation before set asides/Reservations are deducted. The 125 percent rule applies only when the district elects to serve any Title I school below a 35 percent poverty rate.
 - ▶ Since higher poverty buildings must receive at least the same per pupil expenditure amount as lower poverty buildings, this will require that each participating Title I school in the district receive at least 125 percent of the district per pupil expenditure.
- 

1.25 Percent Calculation

- ▶ To determine the amount per child, add the LEAs Title I basic allocation plus the Title I ARRA allocation together.
 - ▶ Divide the total allocation by the total number of children from low-income families in the district to arrive at a per pupil poverty amount for each low-income child.
 - ▶ Multiply this amount by 1.25 to determine the minimum per pupil payment for each attendance area.
- 

Eligibility: Other Issues to Consider

- ▶ While it would be best complete your ESEA 2009–10 Title I–A basic and ARRA applications at the same time, we realize that this is not possible until final allocations are posted.
 - ▶ IF you submit your ARRA application first, keep in mind that if your schools' per pupil amounts end up being out of rank order once your Title I–A basic is submitted, your Consultant may require you to change per pupil amounts to be in compliance with rank order regulations.
- 

Eligibility: In Conclusion

- ▶ If you have any questions regarding your Title I–A basic or ARRA funds or the ESEA application, please let your Title I–A Consultant know.
